## Natural Stone Slab Exterior Usage Guide

**FULL SUN APPLICATIONS:** Natural stone slabs in this category can be used for exposed BBQ tops, cladding on buildings, and residential sidewalks. With all exterior applications there will be some care and maintenance of the stone. Granite needs less maintenance than other stones. Applying a sealer once each year will keep it sealed. Darker colored granites with a honed or satin finish will look better if an enhancer is applied. Limestone, Marble and Travertine may need a deep cleaning once each year to revive the original color, as the stone may darken throughout the year with rain, dust and normal use. Any small void in the stone can be refilled during this yearly maintenance, and then the stone should be sealed again.

**For Freeze/Thaw applications, 3cm should be used. Additionally, Torreon Travertine is not recommended for Freeze/Thaw.**

### Natural Stone that can be used in full sun applications:

#### GRANITE

Azul Platino  
Black Mist Honed  
Black Pearl Satin  
Cambrian Black Satin  
Carbon Grey Satin  
Giallo Cream  
Indian Premium Black Honed  
Kona Cream  
Steel Grey Satin  
Valle Nevado  
Viscount White

#### LIMESTONE

Classic Limestone Honed  
Crema Vossione Honed

#### MARBLE

Bianco Carrara Honed  
Bianco Venatino Honed  
Carrara Extra Honed  
Fantasy Blue Satin  
Fantasy Brown Satin  
Fantasy Ocean Satin  
Fantasy Silver Satin  
Fantasy White Satin  
Mountain White Satin

#### TRAVERTINE

Torreon F/H

#### BASALT

Italian Basaltina
